

Characterized registration instructions for parents

1. Search for *Characterized* on the App store or Google Play.
 2. Be sure to enable notifications for functionality of the app.
 3. Click on the “Parent” tab and create an account.
 4. Enter the student’s code. The student code is located on the bottom tab of the student app, labeled “Student Code.” This will generate a “request” on the student’s app.
 5. **The student will need to confirm your request on the student’s account.** The request is **located in the student’s notifications** at the top right of the student’s screen.
